- Scheduled and ad-hoc trucking arrangements
- Spacious and easy access to unloading facilities

## SEA LINK

- Dry port / seaport link via daily freight trains to major European ports
- Container storage if required
- 2022: approx. 246,100 tons of sea freight handled

# 24/7 LEJ CARGO HUB PLUS

Leipzig/Halle Airport is one of the top five cargo hubs in Europe with annual freight volumes of more than one million tons.

Leipzig/Halle Airport has been the cargo airport with the most dynamic growth in Europe for 16 years. It is the home base for DHL Express, Aerologic and CargoLogic Germany. The airport also serves as a base for growing charter & e-commerce operations with more than 40 cargo airlines flying to/from LEJ on a regular basis.

Thanks to its infrastructure, high service standards and individual product solutions, it guarantees short distances, professional handling around the clock and rapid turnaround times for general & special cargo, e-commerce and express freight.

Our freight handling specialist, PortGround provides high-quality services. PortGround guarantees operations 365 days a year around the clock. It is capable of dealing with all types of cargo in line with international standards with its employees and an extensive fleet of the latest vehicles and machinery for handling aircraft and airfreight. Its employees know all about handling cargo, express freight, special cargo, dangerous goods and also provide professional packaging for hazardous goods and materials of all classes. PortGround is certified as a regulated agent and an authorized economic operator.
